

“User guide” to the “Fifth Switzerland” Puzzle: 1/800 000

It's great that you want to be part of the “Fifth Switzerland” Puzzle. The more puzzle pieces there are, the better and more meaningful the picture they make.

What do you have to do now? It's quite simple:

- Choose **a minimum of four and a maximum of eight** questions from the questionnaire.
- Please choose questions from different sections of the questionnaire!
- Answer your questions concisely – in one or two sentences.
- Send us your questions and answers by email.
- Don't forget to provide your personal details: first name, surname, date of birth, place of residence, country of residence, profession ... We will use this information for the photo legend.

About your picture: send us separately (i.e. not attached to other documents) two or three photos of yourself in very good resolution and uncompressed. The photo samples in the questionnaire show what kind of pictures are most suitable: focus on your face, not your surroundings.

What does the editorial team do?

- All pieces will be published in our “Swiss Review” dossier <https://www.revue.link/puzzle3>. Individual pieces – text and picture – will also be published on the social media channels of the Organisation of the Swiss Abroad, SwissCommunity.
- The texts will be lightly edited by the editorial team and corrected for spelling.
- Where possible, the pieces – shortened if necessary – will also be published in the print edition of the magazine for your region. They will look something like this:
